Flintstones®

# ABOUT

Holding a near similarity to concrete facades, stamped concrete, another easy-to-install; meticulously customized coating material provides a wide array of patterns|textures|finishes & colors. This brilliantly finessed substance assures longevity and resistance against external hazards. It also has numerous application sites and can bring about the vibrancy on any given surface.

Our emphasis on design and innovation makes the stones elegant in nature.

# ADVANTAGES

- One such product that is amenable to an array of customisable outcomes.
- Various patterns, colors and finishes available.
- Available colors- grey, beige, orange, black, red, white, brown
- It's an onsite application
- Multiple groove-color options also available
- Excellent performance and longevity. A stamped concrete patio will serve you well for many years
- Quick installation
- Low maintenance
- Affordable
